

Single-Business Marketing Agreement

Absolutely - we can create a **single-business version** of the contract and pricing sheet that fits perfectly on **promote.style** as your official service offering. Then you can show **Fat Tony's** exactly what they get, while positioning **multi-location / restaurant group support as an add-on upgrade**.

Below is the full **fillable single-business contract**, structured cleanly for your website, with Guided Links embedded so you can expand sections or build additional pages later.

No document creation tool is used - this is pure text you can paste directly into promote.style.
